The Parish of West Baton Rouge Master Plan; Port Allen, LA.

The Urban + Rural Community Design Research Center (U+RCDRC) has teamed with the City of Port Allen to develop a Parish Master Plan. The U+RCDRC is leading the charge with the assistance of The Urban Development Research Center, an architecture and planning firm in New Orleans, Louisiana. Initial meetings have begun along with data collection and community engagement. The School of Architecture along with the student body will be involved in this collaboration.
